**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

**R 400.8131 Professional development requirements.**

**(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 month of the notice.**

Program director Vanita Bird and child care staff member Stephanie Starr did not complete the required health and safety refresher training in 2022.

**R 400.8143 Children's records.**

**(2) Child information cards must be reviewed and updated by parents at least annually and when the center becomes aware of changes.**

None of the 16 child information cards on file were reviewed and updated annually.

**R 400.8143 Children's records.**

(3) For children under school-age, at the time of a child's initial attendance, a center shall obtain, keep on file, and make accessible in the center 1 of the following:

(b) A copy of a waiver addressed to DHHS and signed by the parent stating immunizations are not being administered due to religious, medical, or other reasons.

One child enrolled in care who is not immunized did not have a waiver on file.

**R 400.8143 Children's records.**

(6) Within 30 days of a child's initial attendance, a center shall obtain, keep on file, and make accessible in the center a record of a physical evaluation of the child that notes any restrictions and is signed by a physician or the physician's designee. An electronic record from a physician's office will be accepted. The physical evaluation must be performed within 1 of the following time limits:

(a) For an infant, within the preceding 3 months.

(b) For toddlers, within the preceding 6 months.

(c) For preschoolers, within the preceding 12 months.

One of the 16 children enrolled did not have a physical evaluation on file.

**R 400.8143 Children's records.**

- (7) Physical evaluations must be updated as follows:
  - (b) Every 2 years for preschoolers.

Six preschoolers enrolled in care had physical evaluations that were not updated every 2 years.

**IV. RECOMMENDATION**

Upon receipt of an acceptable corrective action plan, I recommend issuance of regular license to this child care center.
