III. Methodology

07/11/2022 – Modification Request Received

IV. Description of Findings and Conclusions

The terms of the original license have been modified on July 13, 2022.

On July 11, 2022, licensee Shirley Cooper submitted a modification request to change the licensed age range from birth to 5 years to birth to 12 years.

Mother of Many Children Daycare/Preschool Center is located in Ypsilanti, Michigan inside the New Christian Love Fellowship International church.

The program is in operation Monday through Friday from 7:00 AM to 5:30 PM.

The previously approved child use space continues to be used.

- Infant/toddler room is 25 ft. x 35 ft., providing a total of 875 square feet. This allows for a total capacity of 18 children ages birth through 30 months. The licensee does understand however that the maximum group size for infants and toddler is 12.
- Young preschool room is 19 ft. x 23 ft., providing a total of 437 square feet. This allows for a total capacity of 12 children ages 30 months through 3 years.
- Preschool/school age room is 21 ft. x 24 ft., providing a total of 504 square feet. This allows for a total capacity of 14 children ages 3 years through 12 years. The licensee understands that if there is a mixed age group in this room, the ratio is based on the ratio requirements of the youngest child.
- Activity room is 24 ft. x 27 ft., providing a total of 648 square feet. This allows for a total capacity of 13 children ages birth through 30 months and 18 children ages 30 months through 12 years. The licensee understands that if there is a mixed age group in this room, the ratio is based on the ratio requirements of the youngest child. The square footage of the activity room will not be counted toward the total capacity since it will not be used consistently throughout the day.

The total approved space equals a total capacity of 44 children, birth through 12 years.

The center has a total of 8 toilets, 5 urinals and 9 hand washing sinks for the children to use during child care hours: • In the hallway there is a girl's bathroom with 4 toilets and 4 hand washing sinks. • In the hallway there is a boy's bathroom with 4 toilets, 5 urinals and 4 hand washing sinks. • In the infant/toddler room there is one hand washing sink.

The children can choose from a large variety of toys and equipment. These are developmentally appropriate for the licensed age range of children birth through 12 years and are more than sufficient in quantity for the licensed capacity of 44.

V. Recommendation

I recommend the change of the licensed age range from birth to 5 years to birth to 12 years.
