Dear Ms Meggison:

This letter is to advise you that the 12/20/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R400.8122(5) Lead caregiver; qualifications; responsibilities	Two assigned lead caregivers did not meet the academic requirements to be qualified as lead child care staff members.	Licensee designee will submit specialized variances for approval of the two child care staff members, as they have the hours of experience and are currently enrolled in school.	6/30/2023
R400.8170(11) Outdoor play area	A playground inspection was not completed for new equipment added to the playground.	Licensee will contact a certified playground inspector to complete the inspection.	1/3/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.

Sincerely,
