<b>Program Type:</b>	CHILD CARE CENTER

## **II. Purpose of Addendum**

On 5/31/2023, licensee designee Colette Migora, requested to modify the license by adding additional child use space to the license by adding young 5's, removing preschool room, and increasing the center's capacity from 65 to 87, ages 3 through 13 years.

## **III. Methodology**

05/31/2023 – Modification Request Received

06/13/2023 – Inspection Completed Onsite

## **IV. Description of Findings and Conclusions**

The terms of the original license have been modified on 07/24/2023 and 04/23/2020. The following spaces are approved for child use.

- Young 5's measure 29 x 25, providing a total of 738 square feet. This accommodates a capacity of 21 children.
- Prekindergarten room measures 29 x 25, providing a total of 738 square feet. This accommodates a capacity of 21 children.
- Television room is approximately 24 x 24 which is approximately 576 sq. ft., which can accommodate up to 16 children.
- Library measures 44 x 23, providing a total of 1012 square feet. This accommodates a capacity of 29 children.
- Gymnasium measures 94 x 76, providing a total of 7144 square feet. This accommodates a capacity of 204 children. This area will not count as part of the total capacity.

There are 12 toilets, 5 urinals and two fountain sinks in the facility near all classrooms. This supports the center's capacity.

There is an outdoor play area enclosed with a fence.

The classrooms are furnished with a variety of developmentally appropriate equipment. There is an adequate amount of equipment to support the capacity.

A lead hazard assessment is not required because the facility was built after 1978. An environmental inspection and a fire safety inspection is not required.

**Terms:**

The center's capacity will increase to 87 children ages preschool to school-age.

Parents provide all the meals for their children.

**V. Recommendation**

I recommend modifying the license by adding young 5's as additional child use space and increasing the capacity from 65 to 87, ages 3 through 13 years.
