The purpose of the Interim inspection was to determine compliance with applicable licensing statutes and administrative rules for child care Center.

During the Interim inspection, licensing consultant Laura Piacentini found 0 violations.

During my onsite inspection I observed all 9 classrooms. I observed a diaper change in the toddler classroom as well as snack and outside time. After children came back inside I observed children

explore table top options such as coloring, playing with pretend ice cream and exploring a peg board. In the preschool classrooms I observed some classrooms finishing snack and preparing for outside. I also observed story time and table time where children were exploring various activities set out by the teachers. I observed all staff members present interacting appropriately with all children present.
