RE: License #: DC820336142
IXL Learning Center
43333 7 Mile
Northville, MI 48167

Dear Mrs. Miller:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (248) 975-5053.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

A handwritten signature in black ink that reads "Thanh C. Biehl".

Licensee Name:	IXL Learning Center-Northville LLC
Licensee Address:	43333 7 Mile Northville, MI 48167
Licensee Telephone #:	(248) 349-2223
Administrator/Licensee Designee:	Jamie Miller, Designee
Name of Facility:	IXL Learning Center
Facility Address:	43333 7 Mile Northville, MI 48167
Facility Telephone #:	(248) 349-2223
Capacity:	130
Program Type:	CHILD CARE CENTER

II. Purpose of Addendum

On March 7, 2023, licensee designee, Mrs. Jamie Miller, submitted a modification request form to add the staff's bathroom for child care use.

Please note: The Toddler Too Classroom was re-measured to determine the maximum group size if the room was split in to two separate classrooms. Currently, Toddler Too is approved for a capacity of 16 children. Due to federal requirements, the maximum capacity of Toddler Too is 12 children.

The Toddler Too Classroom was re-measured with a maximum capacity of 14 children. Mrs. Miller agreed to maintain a capacity of 12 children.

The license capacity was reduced from 134 to 130.

III. Methodology

04/23/2021 Inspection Completed-Fire Safety : A

04/27/2021 Inspection completed- Environmental Health: A

03/07/2023 Contact document received- Modification Request

03/15/2023 Inspection completed on-site

IV. Description of Findings and Conclusions

The terms of the original license have been modified on May 27, 2014, July 2, 2015, December 10, 2018, and March 22, 2023:

- May 27, 2014 - The licensee requested to add room 4 and increase the capacity from 116 to 135. The room will accommodate school age children.
- July 2, 2015 - The licensee requested to change the age of children room 4 from school-age to 2 to 2 ½ years. This will cause a decrease in the capacity from 135 to 129.
- December 10, 2018 – The licensee requested to update the age and capacity of the approved rooms, change the hours of operation and components.
- March 22, 2023- On March 7, 2023, licensee designee, Mrs. Jamie Miller, submitted a modification request form to add the staff's bathroom for child care use. Please note: The Toddler Too Classroom was re-measured to determine the maximum group size if the room was split in to two separate

classrooms. Currently, Toddler Too is approved for a capacity of 16 children. Due to federal requirements, the maximum capacity of Toddler Too is 12 children. The Toddler Too Classroom was re-measured with a maximum capacity of 14 children. Mrs. Miller agreed to maintain a capacity of 12 children. The license capacity was reduced from 134 to

The child care center is located in an independent building in front of a strip mall in Northville, MI. The center offers full and part time care for children ages 6 weeks through 12 years. The center operates Monday through Friday from 7:00 A.M. – 6:00 P.M., year-round.

The child care center does not provide transportation. There will be no swimming. The child care program will provide lunch and snacks.

The approved space is as follows:

- Room #1 Infant (formerly approved for 6 weeks through 12 months)- This room is approved for children ages 6 weeks through 15 months old. The room was previously measured at 17'0" x 29'0" = 493 square feet. At 50 square feet per child, **the capacity of this room is 10 children.**
- Room #2 Infant Too (formerly approved for 6 weeks through 12 months)- This room is approved for children ages 8 months through 24 months old. The room was previously measured at 18'0" x 28'0" = 504 square feet. At 50 square feet per child, **the capacity of this room is 10 children.**
- Room #3 Infant (formerly approved for 12 months through 18 months)- This room is approved for children ages 14 months through 24 months old. The room was previously measured at 28'0" x 21'0" = 588 square feet. At 50 square feet per child, **the capacity of this room is 12 children.**
- Room #4 Toddler Too (formerly approved for school-age and 2 years through 2 ½ years)- This room is approved for children ages 22 months through 35 months old. The room was re-measured at 16.416 x 12.666 plus 5.833 x 12.8333 plus 16.166 x 9.083 plus 16.833 x 6.916 plus 9.916 x 17.333 equals 701.38 sq. ft. At 50 square feet per child, the capacity of this room is 14 children. Due to the maximum group size, **the capacity of this room is 12 children.**
- Room #5 Gross Motor Room/ School-age - This room is approved for children ages 6 weeks through 12 years old. This room is used for school-age children during the summer period. The room was previously measured at 17'0" x 46'0" = 782 square feet. At 50 square feet per child, the capacity of this room is 16 children. At 35 square feet per child, **the capacity of this room is 22 children.**

- Room #6 Young Preschool (formerly Young Toddler, formerly approved for 1 ½ years old – 2 ½ years old)- This room is approved for children ages 2 ½ years old through 3 ½ years old. The room was previously measured at 26'0" x 20'0" plus 20'0" x 8'0" = 680 square feet. At 35 square feet per child, the capacity of this room is 19 children. **The licensee has requested to keep the capacity at 16 children.**
- Room #7 Preschool (formerly Older Toddler/Preschool, formerly approved for 2 ½ years old through 3 ½ years old)- This room is approved for children ages 3 years old through 4 years old. The room was previously measured at 28'0" x 26'0" = 728 square feet. **At 35 square feet per child, the capacity of this room is 21 children.**
- Room #8 Pre-K (formerly Preschool, formerly approved for 3 ½ years old through 5 years old)- This room is approved for children ages 4 years old through 6 years old. The room was previously measured at 32'0" x 33'0" = 960 square feet. **At 35 square feet per child, the capacity of this room is 27 children.**

The total capacity in the center at any one time cannot exceed 130 children.

There is a total of 18 hand washing sinks and 9 toilets:

- Room #1 Infant – Two hand washing sinks.
- Room #2 Infant Too – Two hand washing sinks.
- Room #3 Toddler – Two hand washing sinks.
- Room #4 Toddler Too – Two hand washing sinks.
- Room #5 Gross Motor Room/School- Age – One hand washing sink,
- There is a bathroom located in the hallway by Room #5 Gross Motor Room/School- Age. There is one toilet and one hand washing sink.
- Room #6 Young Preschool – One hand washing sink located in the room. There is a bathroom located inside the room with one hand washing sink and one toilet.
- Room #7 Preschool – One hand washing sink in the room. There is a bathroom located inside the room with one hand washing sink and one toilet.
- Room #8 Pre-K – One hand washing sink.
- By the Kitchen, there is a bathroom with three hand washing sinks and five toilets.
- Staff bathroom.

The playground areas are located next to the child care center and are completely fenced. There are climbers and play structures approved for infants, toddlers, preschoolers, and school-agers. A playground inspection was completed on 06/10/2013 and 10/24/2016.

The child care center was built in 1969. The child care center was completely remodeled. Rick Lewis (General Contractor) with Rock's Construction submitted a letter stating that all interior finishing's were completely removed and disposed. All surfaces have been coated using lead-free paint. The BCAL 4344 Lead Hazard Risk Assessment is not required.

V. Recommendation

I recommend adding the staff's bathroom for child care use and reducing the license capacity from 134 to 130.
