RE: License #: DC820367779
McDonald GSRP
10151 Diversey
Dearborn, MI 48126

Dear Ms. Stover:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 10/06/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

As a result of the inspection, I did not find any rule or law violations.

On 10/06/2022, during an onsite inspection I observed both GSRP classrooms. In room 151 students were just arriving and were eating breakfast. After breakfast time students worked on writing their names before transitioning to the rug for circle time. During circle time students were told what they were going to do for small group that day as well as counting who was here and who was missing by adding how many boys and girls there were. They talked about the days of the week and participated in large group time by singing and dancing. In room 152, students were heading to the bathroom and then heading outside. Once they returned from outside they sat and did a circle time and talked about what they were going to do for small group. Students transitioned to the table for small group time where both groups explore different manipulatives to work on various math skills such as counting, patterning, and sorting. Afterwards students transitioned to work time where they got to explore and play freely.

Technical assistance was provided regarding making sure all outlet had covers on them when they were not in use. I spoke to Ms. Roe about getting a no smoking/no vaping sign posted as well. Two staff members did not have their consent and disclosure forms on file but was provided a copy of them through email. I talked to staff about making sure a copy of those stayed on site. Technical assistance was also provided regarding making

sure CCBC was up to date and individuals who no longer worked there were disconnected.

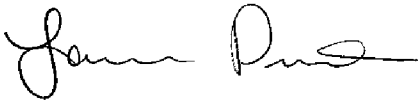

During calendar year 2021:	Total
