RE: License #: DC820378954
Childrens Place Montessori of Brownstone
19721 Allen Road
Brownstown, MI 48183

Dear Ms Liburdi:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 09/14/2021. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

The violations that were found are:

R 400.8112 Comprehensive background check; fingerprinting.

- (2) An applicant or licensee shall do all of the following:
 - (e) Within the department's child care background check system, accurately complete and maintain the connection, disconnection, or withdrawn status of each individual associated with the license.

On 09/14/2021, three of the five child care staff member files reviewed were not connected in the CCBC system.

R 400.8137 Diapering; toileting.

(1) Except as provided in subrule (2) of this rule, diapering must occur in a designated diapering area that complies with all of the following:

(c) Has non-absorbent, smooth, easily cleanable surfaces in good repair.

In the infant room, on 09/14/2021, there were tears on the changing pad which caused the changing pad to be absorbent, and not easy to clean.

R 400.8320 Food preparation.

(8) The temperature of potentially hazardous foods must be 41 degrees Fahrenheit or below, or 135 degrees Fahrenheit or above, at all times, except during necessary periods of preparation.

In the infant room, there was no thermometer in the refrigerator to indicate the temperature.

On 09/14/2021, I completed an on-site inspection at Childrens Place Montessori. I observed the caregivers interact appropriately with the children. The children participated in educational activities (i.e. reading books, counting and coloring). They ate lunch and played outside during the inspection. The center is equipped with a variety of developmentally appropriate equipment.

Due to the violations, you must send us a corrective action plan by 10/19/2021. You can use our [corrective action plan](#) form or create your own.

If you need help writing the corrective action plan, please contact me. If you do not send a corrective action plan, you may face disciplinary action. The corrective action plan must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific time frames for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the responsible party and a date.

Upon receipt of an acceptable corrective action plan, there will be no change to your license status.

During calendar year 2020:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
