III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center's records, including staff records and children's records. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

No children or staff were present during the unannounced onsite inspection. Only the review of approved space and easily accessible documents were completed. A follow-up inspection will be conducted to monitor programming.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.8112 Comprehensive background check; fingerprinting.

- (2) An applicant or licensee shall do all of the following:**
(f) Immediately disconnect each individual from the system once he or she is no longer a licensee, licensee designee, child care staff member, child care aide, or an unsupervised volunteer under the license.

Several staff members are connected in the child care background check (CCBC) system that are not listed on the submitted staffing plan.

R 400.8131 Professional development requirements.

- (6) All child care staff members who work directly with children shall complete 16 clock hours of professional development annually on topics relevant to job responsibilities that include, but are not limited to, any of the following subjects:**

- (a) Child development and learning.**
- (b) Health, safety, and nutrition.**
- (c) Family and community collaboration.**
- (d) Program management.**
- (e) Teaching and learning.**
- (f) Observation, documentation, and assessment.**
- (g) Interactions and guidance.**
- (h) Child care center administrative rules.**

A review of MiRegistry shows all child care staff members did not complete 16 clock hours of professional development training in 2020 and 2021.

IV. RECOMMENDATION

Upon receipt of an acceptable corrective action plan, I recommend the issuance of a regular license.
