RE: License #: DC820392767  
**Tiny Bliss Child Care**  
**25832 Joy Rd**  
**Redford, MI 48239**

Dear Miss Newby:

Attached is the Addendum to the Original Licensing Study Report for the above referenced facility.

Please review the enclosed documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (313) 456-0380.

Per MCL 722.113g, this report must be filed in your licensing notebook.

Sincerely,

A handwritten signature in cursive script, appearing to read "Erica Hogan".

<b>Facility Telephone #:</b>	(313) 318-5112
<b>Capacity:</b>	37
<b>Program Type:</b>	CHILD CARE CENTER

## II. Purpose of Addendum

On 07/13/2021, I received a modification request from the licensee, Darrlisha Newby. The request is for a change in capacity in the lower level from 20 to 21 children, to change the infant classroom to 6 weeks to 30 months, and the toddler classrooms changed to 31 months to 4 years. Mrs. Newby will be the Central Administrator of the center.

## III. Methodology

07/13/2021 Modification Request Received

07/26/2021 Inspection Completed Onsite

## IV. Description of Findings and Conclusions

The terms of the original license have been modified on March 11, 2019, July 29, 2021.

Tiny Bliss Child Care is comprised of four classrooms. Three classrooms are located on the main level and one classroom located in the lower level.

On March 17, 2021, the facility was measured for a new license. The new measurements are reflected in this report.

The following rooms are approved and included in the center's total license capacity:

On the main level:

- Classroom 1 is 13ft. x 8ft. and 19.5ft x 13ft., providing a total of 357.5 sq. ft. Based on 50 sq. ft. per child, this accommodates a total of 7 infants and toddlers, ages 6 weeks to 30 months.
- Classroom 2 is 13ft. x 13ft. providing a total of 169 sq. ft. Based on 50 sq. ft. per child this accommodates a total of 5 children. Based on 35 sq. ft. per child this accommodates a total of 5 children, 31 months to 4 years of age.
- Classroom 3 is 13ft. x 14ft. providing a total of 182 sq. ft. Based on 50 sq. ft. per child this accommodates a total of 5 children. Based on 35 sq. ft. per child this accommodates a total of 5 children, 31 months to 4 years of age.

On the lower level:

- Preschool Room is 20ft. x 24ft., 10ft. x 7ft., 10ft x 7 ft., 8ft. x 6ft., 8ft. x 6ft., 8ft. x 4.5ft providing a total of 752sq. ft. This accommodates a total of 21 children 3 years to 12 years of age.

I provided technical assistance to Ms. Darrlisha Newby, licensee designee regarding R 400.8182 (8) explaining in the classrooms where there are children of mixed ages, then the ratio and maximum group size shall be determined by the age of the youngest child.

The total space is sufficient for a total licensed capacity of 38 children birth through 12 years of age.

There are a total of 6 handwashing sinks and 6 toilets located throughout the center for child use. This supports the center's total licensed capacity.

The classrooms are furnished with a variety of developmentally appropriate equipment. There is an adequate amount of equipment to support the center's total licensed capacity.

A fire safety inspection was completed on 06/05/2021 and an environmental health inspection was completed on 01/29/19. A lead safety inspection was not required.

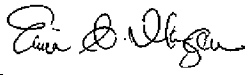

**Terms:**

The center is approved for a total capacity of 38 children birth to 12 years of age.

The center is approved to provide full meal service and transportation. All infant meal prep will be completed in the kitchen. The center does not provide swimming. The center does have any outdoor climbing equipment that requires a playground safety inspection.

**V. Recommendation**

I recommend a change in capacity in the lower level from 20 to 21 children, to change the infant classroom to 6 weeks to 30 months, the toddler classrooms changed to 31 months to 4 years of age, and Mrs. Darrlisha Newby will be the central administrator.
