III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center's records, including staff records and children's records. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

During the onsite inspection there were 20 children present. The children assembled together in the morning until all children arrived. They had free choice time until they dispersed into their classrooms. Technical Assistance was provided to Ms. Newby regarding all staff records being onsite.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.8110 Applicant; licensee; licensee designee; requirements.

(4) There must be a licensing notebook on the premises that includes all licensing inspection and special investigation reports and related corrective action plans for the last 5 calendar years, and a summary sheet outlining the documents contained in the notebook. The notebook must be in a place accessible to parents and prospective parents at all times during the center's normal hours of operation.

There was no licensing notebook on the premises.

R 400.8112 Comprehensive background check; fingerprinting.

**(2) An applicant or licensee shall do all of the following:
 (f) Immediately disconnect each individual from the system once he or she is no longer a licensee, licensee designee, child care staff member, child care aide, or an unsupervised volunteer under the license.**

During the onsite inspection, there were approximately 12 individuals who the program director either said did not work there anymore, was at the other center, or she did not know who they were.

R 400.8125 Staff; volunteer; requirements.

**(5) A written statement must be signed and dated by staff and volunteers at the time of hiring or before volunteering indicating all of the following information:
 (a) The individual is aware that abuse and neglect of children is against the law.
 (b) The individual has been informed of the center's policies on child abuse and neglect.
 (c) The individual knows that all staff and volunteers are required by law to immediately report suspected abuse and neglect to children's protective services.**

No staff had abuse and neglect statements on file at the center.

R 400.8143 Children's records.

- (1) At the time of a child's initial attendance, a center shall obtain a child information card, using a form provided by the department or a comparable substitute, that is completed and signed by the child's parent. The center shall keep it on file and accessible in the center.

21 of 31 child information records had no information on the child's allergy.

R 400.8146 Information provided to parents.

- (1) A center shall provide a written information packet to each parent enrolling a child that includes at least all of the following:
 - (l) Notice of the availability of the center's licensing notebook. The notice must include all of the following:

R 400.8335 Food services and nutrition; provided by center.

- (8) All of the following apply to milk:
