**III. DESCRIPTION OF FINDINGS & CONCLUSIONS**

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the onsite inspection, children were observed to be engaged in age-appropriate activities. Children participated in activities that build gross motor skills. Staff were observed to be properly supervising children during all activities and use

proper transitional techniques when moving from one area to the next. Positive caregiver and child interactions was also observed.

The facility is in compliance with all applicable rules and statutes.

#### IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
