Dear Mrs. White:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 08/03/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

During the onsite inspection there were 22 children present. The children were in groups working on group work directed by the child care staff members. They were tracing upper case and lower case letters. Technical assistance was provided regarding the electrical outlet plugs. All outlets will be covered moving forward.

The violations that were found are:

R 400.8385 Poisonous or toxic materials.

Containers of poisonous or toxic materials must be clearly labeled for easy identification of contents and stored out of reach of children.

During the onsite inspection, there were bottles of toxic materials under the sink in the children’s bathroom that were within reach of children.

On 08/03/2023, you gave us an acceptable written corrective action plan.

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0

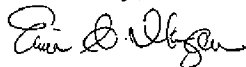

Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
