III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

On 05/10/2023, during an onsite inspection, I observed five children arriving to the program. Children had a few minutes to settle in, put their items in lockers and then the group heading down to the cafeteria to have dinner. Children ate chili cheese fries, juice and chips. The group then headed outside to play on the playground.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:
