III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care center administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center’s records, including staff records and children’s records. Staff records include background checks and training information. Children’s records include child information cards, physical examination dates, and immunizations.

During the inspection, the center was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.8112 Comprehensive background check; fingerprinting.

(2) An applicant or licensee shall do all of the following:

(e) Within the department's child care background check system, accurately complete and maintain the connection, disconnection, or withdrawn status of each individual associated with the license.

On 4/25/2023, Two child care staff members who no longer work at the facility were still connected to the child care background check system. Two volunteers who no longer volunteer at the facility were also still connected to the child care background check system. These individuals need to be disconnected. One child care staff member, who was present during the inspection, was no connected to the facility.

R 400.8131 Professional development requirements.

(12) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 month of the notice.

On 4/25/2023, two child care staff members were missing the 2022 health and safety refresher course.

R 400.8131 Professional development requirements.

(3) Before caring for children, all child care staff members and unsupervised volunteers who work directly with children shall be trained on prevention of shaken baby syndrome, abusive head trauma and child maltreatment, and recognition and reporting of child abuse and neglect.

On 4/25/2023, two child care staff members were missing trainings in the prevention of shaken baby syndrome, abusive head trauma and child maltreatment, and recognition and reporting of child abuse and neglect. These trainings are included in the MiRegistry Health and Safety Course 1 and 2.

R 400.8131 Professional development requirements.

(4) Before unsupervised contact with children, all child care staff members who work directly with children shall complete prevention and control of infectious disease training, including immunizations.

On 4/25/2023, Two child care staff members were missing proof in trainings in the prevention and control of infectious disease trainings, including immunization. This trainings in included in the MiRegistry health and Safety Course 1 and 2 trainings.

R 400.8131 Professional development requirements.

(5) Within 90 days of being hired, or the first day as an unsupervised volunteer, all child care staff members and unsupervised volunteers who work directly with children shall complete the following trainings, which may count toward annual professional development hours and are available at MiRegistry:

- (a) Administration of medication.
- (b) Prevention of and response to emergencies due to food and allergic reactions.
- (c) Building and physical premises safety.
- (d) Emergency preparedness and response planning.
- (e) Handling and storage of hazardous materials and appropriate disposal of bio-contaminants.
- (f) Precautions in transporting children, if applicable.
- (g) Child development.

On 4/25/2023, two child care staff members are missing proof in trainings in Administration of medication, prevention of and response to emergencies due to food and allergic reactions, building and physical premises safety, emergency preparedness and response planning, handling, and storing of hazardous materials and appropriate disposal of bio contaminates, and child development. These topics are included in the MiRegistry Health and Safety Course 1 and 2.

A corrective action plan was requested and approved on 04/25/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care center.
