Dear Mrs. Henry:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your center on 12/28/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

There were no rule violations.

During the onsite inspection, I visited classrooms. There are seven classrooms total, but they were combined for the holidays because of low numbers. The infant classroom had eight infants present. The three child care staff members engaged them in floor tummy time. The toddler room engaged in free exploration time. The young preschool and preschool classes were combined, and they explored in free activity choice time. The Pre-K class engaged in tracing shapes and decorating their cubbies for the new year. Technical Assistance was provided to Ms. Olivia regarding ensure she has thoroughly read the licensing rules. Consultation was also provided regarding the organization of records. A more thorough check of staff and children’s records will be conducted at the center’s renewal.

As a result of the inspection, I did not find any rule or law violations.
