Dear Ms. Brown:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your center on 10/20/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Child Care Centers.

There were no rule violations.

As a result of the inspection, I did not find any rule or law violations.

The licensee submitted a change of use space to move to the classroom closer to the door the parents use for pick-up. This was a good move as staff was having to walk down the hall with the children to release to the parent leaving the classroom out of ratio for that short period of time. Having two spaces alleviates some of the chaos that happens with 30+ children in the cafeteria and a 1:18 ratio.
