

	renewal comprehensive background check within 30 calendar days from the expiration date, the individual will be disconnected from the child care facility. At that time, if you wish for the individual to be connected again to the child care facility, you will have to initiate a new comprehensive background check for the individual at your expense.	If I get notice that an individual is found ineligible in the CCBC system, I agree to immediately disconnect them. I understand that an individual found ineligible may not be associated as a household member or staff with my facility. I understand that the department may seek disciplinary action against my child care license in the form of a revocation and/or summary suspension with revocation if I continue to allow an individual found ineligible to be associated with my child care license. I understand that if I fail to complete, return and/or comply with this Corrective Action Plan or request for Voluntary Closure, the department will begin the process of revoking my child care license.

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
