II. Purpose of Addendum

On 06/07/2022, licensee, Jennifer Danclovic, requested to change the capacity, age range and program components. The center capacity was 24 and Ms. Danclovic have request to change the compacity to 30 children. The age range will change from 3 to 5 years to 3 to 7 years. The program will offer part day and full day. The center will provide daily outdoor play to the children attending for more than three continuous hours per day.

III. Methodology

06/07/2022 Modification Request Received

IV. Description of Findings and Conclusions

The terms of the original license have been modified on July 19, 2022. The following room was previously approved for child care:

- The preschool room is in the sanctuary area of the Church on the first level. The room measures 49.4 ft. x 40.4 ft., providing approximately 1996 square feet and accommodates 57 children (ages 3 to 5 years) based on 35 square feet per child. The center is requesting a capacity of 24 children.

The following components will change:

- The capacity to the preschool room will change from 24 to 30 children.
- The age range will change from 3 to 5 years to 3 to 7 years.
- The center will offer part day and full day. The operating hours will be from 8:00 a.m. to 5:00 p.m. The center will provide daily outdoor play to the children attending the center for more than three continuous hours per day.

The total space equals a total capacity of 30 children, age 3 to 7 years. There are a total of three toilets, and two sinks available to the children. This is sufficient to support the requested capacity of 30 children for the program.

The rooms are furnished with a variety of age-appropriate equipment. There is an adequate amount of equipment to support the capacity increase. An equipment list is on file.

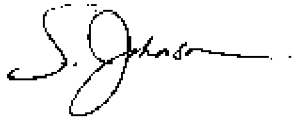

Fire safety, environmental health and lead assessment inspections are on file with the department, new inspections were not required.

Terms:

The center is approved for a total capacity of 30 children, age 3 to 7 years. The program does not provide food service. Parents will provide the children lunch and snack.

V. Recommendation

I recommend the change the capacity, age range and program components. The center capacity will change to be 30 children, age 3 to 7 years.
