Dear Ms. Mheisen:

This letter is to advise you that the 05/17/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Special Investigation Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.8125(1) Staff; volunteer; requirements.	CCSMs did not provide appropriate care and supervision of children when two separate children on multiple occasions changed their own pull ups without staff knowledge. CCSMs also did not provide appropriate care and supervision when two children ate a CCSMs chocolate during rest time without the CCSMs knowledge.	The program director has retrained staff on the appropriate supervision of children. Additionally, a special door handle has been purchased to ensure that children do not enter the bathroom unattended.	05/01/2023

R 400.8146(3) Information provided to parents.	Parents of infants and toddlers do not receive a daily record detailing food intake, sleeping patterns, elimination patterns, developmental milestones, or change in child's usual behavior.	The center now provides daily record sheets to parents detailing food intake, diaper changes, sleeping patterns, developmental goals, elimination patterns.	03/01/2023
R 400.8179(9) Program.	Media is used with children under 2 years of age.	The television has been removed from the child use space so that it is no longer used.	04/25/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.
