Dear Ms. Milks:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your home on 04/29/2021. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

The violations that were found are:

R 400.1907

(2) Records in subrule (1) of this rule must be reviewed and updated annually or when information changes.

Seven of the eight records reviewed were not updated annually.

On 4/29/2021, you gave us an acceptable written corrective action plan. The children were waking up from nap while I was at the home. The three children were well behaved and the two older children were playing well with one another. Ms. Milks was reminded that the children two years of age and older are required now to wear mask according to the most recent MDHHS order. Ms. Milks stated that they are in the process of purchasing more surfacing for the outdoor play area.

During calendar year 2020:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0

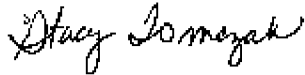

Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
