Dear Ms. Larson:

Attached is your renewal inspection report. You can find a copy of this renewal inspection report and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when renewal inspection reports are completed can be found under [Overview of Licensing Reports](#).

During the renewal inspection on 1/18/2023, I found *two* violations. The violations are listed below and explained in the attached report:

Due to the violations, you must send us a corrective action plan by 2/9/2023. You can use our [corrective action plan](#) form or create your own.

If you need help writing the corrective action plan, please contact me. If you do not send a corrective action plan, you may face disciplinary action. The corrective action plan must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific time frames for each violation as to when the correction will be completed or implemented.

- How continuing compliance will be maintained once compliance is achieved.
- The signature of the responsible party and a date.

Upon receipt of an acceptable corrective action plan, a regular license will be issued. You will receive it in the mail.

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and

training information. Children's records include child information cards and child in care statements/receipts.

During the inspection, the child care home was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.1907 Child's records.

(1) Prior to a child's initial attendance, a licensee shall obtain the following documents:

(a) A completed child information card on a form provided by the department or a comparable substitute approved by the department.

Of the seven child information cards reviewed, two of them were missing some of the following information:

- Telephone number of mother's place of employment (1)
- Telephone number of father's place of employment (2)

R 400.1907 Child's records.

(2) Records in subrule (1) of this rule must be reviewed and updated annually or when information changes.

One of the child information cards was overdue for an annual update.

CONSULTATION:

The television was on during my inspection. The channel was developmentally appropriate material and other activities were offered to the children. The licensee and I discussed that she needs to make sure the television is only on two hours per day.

IV. RECOMMENDATION

Renewal of this family child care home license is recommended upon receipt of an acceptable corrective action plan.
