III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

When I arrived on-site, Ms. Sherry Wilson was present; along with one child in attendance. The child and Ms. Wilson were playing in the dining room. The child appeared very happy and content within Ms. Wilson's care. Ms. Wilson has completed several hours of professional development; combined with her years of experience. She has a very good understanding of children and their developmental stages.

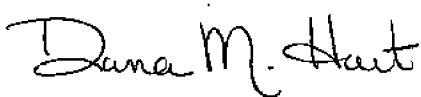

The facility is in compliance with all applicable rules and statutes.

Technical assistance and consultation were provided to Ms. Sherry Wilson in the following areas:

- R400.1913 Discipline; child handling.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care family home (capacity 1-6).
