Dear Annette Pierce:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your home on 09/07/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

When I arrived on-site, Ms. Annette Pierce was present with two related children in care. She is only caring for two unrelated children at this time, and they attend on a part-time basis. Ms. Pierce’s provides a warm and welcoming environment for the children. She limits the television watching to less than 2 hours per day and she always has books available to read to the children. She does not provide care for any unrelated children under the age of 12 months, and so safe sleep rules and diapering were not inspected. Ms. Pierce and I discussed her paperwork and training hours.

As a result of the inspection, I did not find any rule or law violations.

Technical assistance and consultation were provided to Ms. Pierce in the following areas:

- **R400.1941(2) Heat-producing equipment.** Combustible materials and equipment must not be stored within 4 feet of furnaces, other flame or heat-producing equipment, or fuel-fired water heaters. We discussed ways to keep her small backroom/furnace/HW area in compliance.

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0

Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
