## II. Purpose of Addendum

The purpose of the addendum was to add the basement as child use space.

## III. Methodology

8/28/2023 Onsite inspection completed- Full Compliance.

09/12/2023 Modification request received.

09/13/2023 Modified terms.

## IV. Description of Findings and Conclusions

The main floor and basement of the home are approved for child use. On the main floor the approved rooms include the living room, dining room, kitchen, daycare room, one bedroom, bathroom and laundry room. The basement level includes a large playroom, a family room one bedroom and bathroom as approved child use.

There are three exits located on the main floor. The first is located on the east side of the home and leads to the front yard. The second exit is located through the garage also on the east side of the home leading to the driveway. The third exit is located on the north side of the home and leads to the side yard. There are two exits located on the basement level. The first is the stairs that lead to the main level and the second is a direct to grade door that leads to the fenced in backyard on the east side of the home.

## V. Recommendation

I recommend the addition of the basement level as child use space.
