Dear Mrs. Schweitzer:

Attached is your renewal inspection report. You can find a copy of this renewal inspection report and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when renewal inspection reports are completed can be found under [Overview of Licensing Reports](#).

During the renewal inspection on 9/14/2022, I found *two* violations. The violations are listed below and explained in the attached report:

R 400.1907(1)(a): Child's records.
R 400.1941(2): Heat-producing equipment.

Due to the violations, you must send us a corrective action plan by 10/10/2022. You can use our [corrective action plan](#) form or create your own.

If you need help writing the corrective action plan, please contact me. If you do not send a corrective action plan, you may face disciplinary action. The corrective action plan must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific time frames for each violation as to when the correction will be completed or implemented.

- How continuing compliance will be maintained once compliance is achieved.
- The signature of the responsible party and a date.

Upon receipt of an acceptable corrective action plan, a regular license will be issued. You will receive it in the mail.

During calendar year 2021:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0
Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.

Sincerely,

Michelle A. Marenger

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and

training information. Children's records include child information cards and child in care statements/receipts.

During the inspection, the child care home was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.1907 Child's records.

(1) Prior to a child's initial attendance, a licensee shall obtain the following documents:

(a) A completed child information card on a form provided by the department or a comparable substitute approved by the department.

The child information cards were missing the following information:

- Child's name (1)
- Admission date (2)
- Telephone number of father's place of employment (1)
- Telephone number of child's physician (1)

R 400.1941 Heat-producing equipment.

(2) Combustible materials and equipment must not be stored within 4 feet of furnaces, other flame or heat-producing equipment, or fuel-fired water heaters.

The following combustibles were within 4 feet of the furnace:

various items made of plastic, wood and cloth

IV. RECOMMENDATION

Renewal of this family child care home license is recommended upon receipt of an acceptable corrective action plan.
