Dear Ms. Puuri:

This letter is to advise you that the 01/28/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1907(1)(a) Child's records.	Of the four child information cards reviewed, one of them was missing some information.	Licensee will help parents with information card so it is completely and accurately filled out.	1/12/22 on-going
R 400.1933(4) Water supply; sewage disposal; water temperature.	On the day of the inspection, the water temperature at the sink used for child hand washing was 124 degrees.	Temperature gauge was purchased and hot water heater adjusted.	1/12/22 on-going

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.
