III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

During the onsite inspection I observed free choice play. Interactions between Ms. Bristol-Aldrich and the children were positive and developmentally appropriate. Ms. Bristol-Aldrich uses Creative Curriculum with the children in care. There was an adequate amount of age-appropriate play and learning equipment.

The facility is in compliance with all applicable rules and statutes.

IV. RECOMMENDATION

I recommend issuance of a regular license to this child care family home (capacity 1-6).
