Dear Ms. Reppert:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 08/19/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

The violations that were found are:

MCL 722.113g	Licensing notebook.
	(2) The licensing notebook described in subsection (1) shall include the reports from all licensing inspections, renewal inspections, special investigations, and corrective action plans. The licensing notebook shall also include a summary sheet outlining the reports contained in the licensing notebook. The information in the licensing notebook shall be updated as provided by the department.
The licensing notebook did not contain a copy of the 2021 Renewal Licensing Study Report.	
R 400.1907	Child's records.

	(2) Records in subrule (1) of this rule must be reviewed and updated annually or when information changes.
One of five child information cards and two of five child in care statements were expired/not updated annually. Additionally, all five child information cards and child in care statements were obsolete revisions.	
R 400.1932	Home maintenance and safety.
	(1) The structure, premises, and furnishings of a child care home must be in good repair and maintained in a clean, safe, and comfortable condition.
The banister leading from the main floor to the lower level of the home was detached from one end of the wall.	

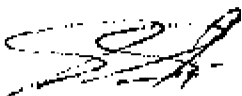

On 8/19/2022, you gave us an acceptable written corrective action plan.

You can find a copy of this inspection letter and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when inspection letters are completed can be found under [Overview of Licensing Reports](#).

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (616) 356-0183.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.
