During the inspection, the child care home was found to be in compliance with all applicable rules and statutes except for the following violations:

R 400.1905 Training.

(1) A licensee shall complete not less than 10 clock hours of training each calendar year related to child development, program planning, and administrative management for a child care business, not including CPR, first aid, and infectious disease, including immunizations, training.

One training hour was completed in 2021 and seven training hours were completed in 2022. Ten hours of training are required each year.

A corrective action plan was requested and approved on 06/21/2023. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
