Dear Luanne Armstrong,

This letter is to advise you that the 11/15/2023 corrective action plan you submitted, regarding each rule violation cited in the recently completed Child Care Follow-up Inspection Case, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1943(5)	The emergency exit window in the basement storage room was partially obstructed. The storage room was full of totes and boxes from the floor to the ceiling. There was a small path accessible to the exit window. In the event of an emergency, there would be too many items that could fall in the way of egress.	Luanne Armstrong will work to reduce the amount of clutter in the storage room and create more space to access the emergency exit window.	1/31/2023
R 400.1941(2)	Combustible items, such as cardboard boxes and packages of food, were stored within the 4 feet of the furnace and hot water heater.	Luanne Armstrong will not store combustible materials within 4 feet of the furnace or hot water heater.	1/31/2023

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
