IV. Description of Findings and Conclusions

The terms of the license have been modified on 11/29/2021, 03/17/2021, 04/25/2022, and 05/02/2022.

This child care home is a wood-framed ranch home with a full finished basement. The home is located in the south-east quadrant of Grand Rapids near the intersection of Madison Avenue and 28th Street.

The living room, kitchen, porch, dining area, the bedroom on the left side of the hallway, and the bedroom at the end of the hallway on the main level of the home are approved for child care use. There is a fireplace in the living room of the home. There is a planter or wood box made of brick attached to the hearth. The box measures approximately three feet long by one foot deep by two feet deep. Artificial trees have been placed in the wood box to prevent children from falling or climbing into the box. There is a bathroom for the children to access on the main level of the home.

There are two remotely located exits on the main level of the home; the front door and a side door in the porch leading out to the outdoor play area.

The first bedroom on the right side of the hallway the main level and the basement level of the home are not approved as child care use space.

The outdoor play area is the front and side yards. The areas are completely fenced in and have some portable equipment. There is a trampoline located in the outdoor play area. Mr. Lankah and Ms. Tadese are aware the child care children cannot use the trampoline. The property directly behind the child care home has a pool in the backyard. Mr. Lankah and Ms. Tadese have fenced in the child care home's outdoor play area with a locking gate.

There is a moderate number of materials and equipment in the home. Mr. Lankah and Ms. Tadese will purchase more equipment as more children enroll.

This child care home will operate Monday through Saturday for first, second, and third shifts providing 24-hour care.

The child care home will provide care for children between the ages of birth to 10 years old.

V. Recommendation

I recommend approval of the front yard as outdoor play area.
