Dear Mrs. Oliver:

This letter is to advise you that the 09/12/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
1905(1)Training	The provider only had 3 documented hours of training on file for the year 2021.	The provider will complete 10 hours of training every year.	9/12/2022
1907(1)(A)(B) Child's records	Out of 4 child information cards reviewed, all 4 were missing the allergy section and were therefore incomplete. 2 of the 4 child in care statements on file were missing the provider section.	The provider will look over the paperwork and send back for parents and herself to complete.	9/16/2022
1919(1) Communicable disease..	The provider did not complete a medical clearance for this renewal.	The provider will make an appointment and turn in physical form to licensing.	10/1/2022

1931(13) Food preparation and service.	During my on-site inspection a child had a bottle in bed with him during rest time	The provider will stop feeding children while they are lying in bed.	9/12/2022
1934(3) Heating; ventilation; lighting.	There was not an operable smoke detector on the upper level of the home.	The provider will get new batteries or replace the detector.	9/16/2022
1944(1) Smoke detectors; fire extinguishers	There was not an operable smoke detector on the upper level of the home.	The provider will get new batteries or replace the detector.	9/16/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.

Sincerely,
