The first and second bedroom on the left side and the master bedroom on the right side of the main floor are not approved for child care use. The bedroom in the basement is not approved for child care use.

There are bathrooms on the main floor and in the basement that the child care children will use.

The basement has a door that opens to the backyard and there is an egress window in the bedroom.

The playroom and art room located in the basement are both approved as child care use space.

Ms. Davis-Willis has an adequate supply of developmentally appropriate equipment and supplies for the child care children to use.

The outdoor play area is located in the front yard of the home. The front yard is not fenced in. Ms. Davis-Willis will provide direct supervision of child care children at all times. Ms. Davis-Willis will also use her large drive as a play area and will provide direct supervision at all times.
