Dear Meredith Burl,

This letter is to advise you that the 7/25/2024 corrective action plan you submitted, regarding each rule violation cited in the recently completed Inspection, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1941(2)	There is a shelf built into the structure of the home within 4 feet of the furnace and water heater. There were paint cans, wooden blinds, and plastic buckets stored on the shelf within 4 feet of the furnace and water heater. The shelf is approved, however the items on it within 4 feet of the furnace and water heater must be removed and this area kept clear.	This shelving has been cleared and I will keep this area clear of any combustible materials in the future.	July 18, 2024

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
