Dear Mrs. Walton:

This letter is to advise you that the 05/23/2023 corrective action plan you submitted in response to the Renewal Licensing Study Report, is not approved for the following reason:

Your written corrective action plan does not address the following violation listed in the Licensing Study Report:

R400.1944 Smoke detectors; fire extinguishers.

Your written corrective action plan does not include the following information regarding each violation in the Licensing Study Report:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- How continuing compliance will be maintained once compliance is achieved.

You have 5 working days from receipt of this letter to submit a revised corrective action plan regarding the violation of each rule listed in the report. Failure to submit an acceptable corrective action plan may result in disciplinary action.

The Bureau provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (616) 356-0183.

Sincerely,
