Dear Ms. McKenney:

This letter is a follow-up to the on-site inspection conducted at your home on 07/13/2023. The purpose of this inspection was to observe supervision and care and programming. I was not able to observe this during the renewal inspection because no children were in care.

During my follow up visit I observed activity time and free play. The home was clean and organized and there was a variety of age-appropriate materials and equipment for the children to access. Ms. McKenney engaged with the children in a positive and nurturing manner. The children seemed engaged and interested in the activity provided.

I provided technical assistance and consultation on:

- R 400.1905(9) Training; I reminded Ms. McKenney about the required health and safety update training for 2023.

As a result of the inspection, I did not find any rule or law violations.
