## **II. Purpose of Addendum**

On May 23, 2022, I received a Request for Modification form (CCL-5054) from Ms. Tims-Mosley requesting that the two front bedrooms on the upper level of the home be approved as child use space.

## **III. Methodology**

05/19/2022 Inspection Completed On-Site

05/23/2022 Modification Request Received

## **IV. Description of Findings and Conclusions**

The terms of this license have been modified on 05/19/2022.

This child care home is located in the south-east quadrant of Grand Rapids, south of intersection of Burton Street SE and Kalamazoo Ave SE. The home is a two-story wood framed home with a partially finished basement.

The main and upper level of the home is approved for child care use. The living room, dining room, and kitchen on the main level are approved. There are two remotely located exits on this level of the home; the front door and a back door leading to a deck that leads to the backyard of the home. On the upper level, the two front bedrooms are approved. There is a bathroom for children to access on this level of the home. There are two remotely located exits on the upper level of the home; the stairs to the main level and a window in the master bedroom marked as an exit.

The master bedroom on the upper level of the home is not approved. The basement level of the home is not approved. The basement can only be used as a storm shelter in the event of an emergency.

There is an adequate amount of equipment and materials for the children.

The outdoor play area is located in the backyard of the home. The backyard is partially fenced in. There is no equipment installed in the backyard at this time. Ms. Tims-Mosley will use portable equipment. There are no water hazards on or near the property.

Ms. Tims-Mosley will provide care for children between the ages of birth to 11 years.

The child care home will operate Monday through Thursday from 6:00am and 5:00pm.

**V. Recommendation**

I recommend approval of the front bedrooms on the upper level of the home as child use space.
