Findings of the Inspection

A copy of this renewal inspection report and any associated corrective action plans is available on the Child Care Licensing Bureau [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when renewal inspection reports are completed can be found under [Overview of Licensing Reports](#).

The renewal inspection involved a review of all applicable child care center [administrative rules](#) and [statutes](#). Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the center's records, including staff records and children's records. Staff records include background checks and training information. Children's records include child information cards, physical examination dates, and immunizations.

If you have any questions regarding the report, please contact licensing consultant, Catherine Edgar, at (810) 931-1380. In the event that Catherine Edgar is not available and you need to speak to someone immediately, please contact the Child Care Licensing Bureau at 517-284-9730.

R 400.1934(5)	<p>The lowest level of the child care home must not have levels of radon gases that exceed 4 picocuries per liter of air, except as provided in subrule (6) of this rule. Documentation of the results must be kept on file in the child care home.</p> <p><i>I advised the licensee to do a 3rd Radon test. The first test was 1.5 Picocuries, while the 2nd test was 4.2 Picocuries. 4.2 is slightly above the safe level for Radon gases. If the 3rd test is showing over 4 Picocuries, an mitigation system must be installed within 12 months.</i></p>
