Dear Ms. Anderson:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 06/28/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

The violations that were found are:

R 400.1945 Emergency; plan; drill.

(4) Fire drills must be practiced while children are in care at least once quarterly, and a written record that includes the date and time it takes to evacuate must be maintained.

At the time of the inspection, there were no fire drills documented for 2023.

R 400.1945 Emergency; plan; drill.

(5) At least 2 tornado drills must be practiced while children are in care between March and November, and a written record of these drills that includes the date must be maintained.

The child care home did not complete two tornado drills in 2022. The child care home completed one drill on 05/09/2022.

Technical Assistance and Consultation were provided for the following:

- R 400.1907 (3) Child's record. Dated daily attendance records of children in care must be maintained and include the child's first and last name and the time of arrival and departure. Electronic records may be used. If electronic records are used, they must be available to the department at the time of the inspection. If electronic attendance records are not available during an on-site inspection, the child care home is in violation of this rule

Due to the violations, you must send us a corrective action plan by July 14, 2023. You can use our corrective action plan form or create your own.

If you need help writing the corrective action plan, please contact me. If you do not send a corrective action plan, you may face disciplinary action. The corrective action plan must include the following:

- How compliance with each rule will be achieved.
- Who is directly responsible for implementing the corrective action for each violation.
- Specific time frames for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the responsible party and a date.

Upon receipt of an acceptable corrective action plan, there will be no change to your license status.
