Dear Mrs. Gonzalez:

This letter is to advise you that the 09/21/2022 corrective action plan you submitted, regarding each rule violation cited in the recently completed Renewal Licensing Study Report, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1920 (5a) Outdoor play area and equipment.	A new slide/rocking climbing wall unit was placed over grass and not an approved ground surface material such as wood chips, pea gravel....etc.	Ground surface material will be installed underneath the play structure. Children will not use the equipment until it is installed.	10/10/2022
R 400.1941 (1b) Heat-producing equipment.	There was no documentation that the hot water heater had been inspected and found in good working order.	An updated inspection report will be submitted or a second inspection will be conducted.	10/10/2022

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

The office provides technical assistance to meet the licensing requirements and consultation to improve services. Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, you may contact the local office at (517) 284-9730.

Sincerely,
