## III. DESCRIPTION OF FINDINGS & CONCLUSIONS

This renewal inspection involved a review of all applicable child care home administrative rules and statutes. Verification of compliance included direct observations of the physical environment and the program, discussions with staff, and a review of the home's records, including staff records and children's records. Staff records include background checks, medical clearance information, and training information. Children's records include child information cards and child in care statements/receipts.

During the inspection, the child care home was found to be in compliance with all applicable rules and statutes except for the following violations:	
<b>R 400.1905</b>	<b>Training</b>
	(9) When the department of licensing and regulatory affairs or the department of education publishes a notice that a new health and safety update document or a new health and safety update training activity has been published on MiRegistry, the licensee shall ensure that all personnel read and acknowledge the document or complete the activity within 6 months of the notice.
I observed during the onsite inspection and review of the records that Ms. Barrett did not complete the Health and Safety updates for 2022. The training had to be completed by 10/31/2022.	
<b>R 400.1907</b>	<b>Child's records.</b>
	(2) Records in subrule (1) of this rule must be reviewed and updated annually or when information changes.
I observed during the onsite inspection and review of the records that four out of six child in care statements were not updated annually as required.	

A corrective action plan was requested and approved on 12/12/2022. It is expected that the corrective action plan be implemented within the specified time frames as outlined in the approved plan. A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.

**IV. RECOMMENDATION**

I recommend issuance of a regular license to this child care home (capacity 1-6).
