Dear Ms. Attisha:

Attached is the Original Licensing Study Report for the above referenced facility. The study has determined substantial compliance with applicable licensing statutes and rules. Therefore, an original license with a capacity of 6 is issued.

Please review the attached documentation for accuracy and contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report must be filed in your Licensing Notebook.

Sincerely,

### III. DESCRIPTION OF FINDINGS & CONCLUSIONS

#### A. Description of Facility

This is a single-family home located near the intersections of Dequindre and 18 Mile Road.

#### Rooms and levels approved for child care use:

The basement is the only approved floor level. There are two rooms approved, the play room and the napping room.

#### Areas not approved:

The main floor level is not approved for child use.

#### Ages of children served:

The approved age range consists of birth through 17 years of age.

#### Equipment:

The indoor play equipment meets the minimal standards to meet the developmental needs of children for the approved capacity for six children. The sleeping equipment consists of six cots and two portable play yard that meets the Consumer Product Safety Commission standards with a manufacture date of 2020 and 2021.

**Proposed days and hours of operation:**

The proposed days of operation are Monday through Friday from 7am-5:30pm. The child care home is closed on Saturday and Sunday. The licensee is aware that nighttime care beyond 11pm is not approved. Nighttime care will require beds and prior approval from the department.

**Previous or concurrent licenses, including children's foster care:**

There are no previous or concurrent licenses at the time of issuance.

**Exiting information (including second floor and basement):**

The basement has an egress window for exiting. The window size meets the requirements and measured at 24 inches (width) x 36 inches (height). The height of the windowsill to the floor was 36 inches which meets the requirement of being less than 44 inches from window sill to floor. Ms. Attisha has installed steps which are securely attached under the window which will assist the provider and children in exiting through the window safely.

**Outdoor play area description:**

The outdoor play area is completely enclosed with a fence. There are no elevated play structures present on the outdoor play area during the onsite inspection. In the event that elevated play structures are added to the outdoor play area, appropriate ground surface cushioning material will be required. There are no water hazards, ponds, pools, or hot tubs on the premises. Mrs. Attisha is aware that direct supervision is required at all times while children are outdoors playing.

Additional information:

- Pets? No  Yes  If yes, describe.
- Hot tubs or spa pool? No  Yes  If yes, are there appropriate barriers?
- Swimming pool? No  Yes  If yes, describe pool and barriers.
- Other water hazards? No  Yes  If yes, describe.
- Fireplace or wood burning stove? No  Yes  If yes, describe.
- Fireplace/wood burner in use during child care hours? No  Yes  If yes, describe barriers to protect children from burns:

**Explanation of variances, if any:**

There are no approved variances as the time of the onsite inspection.

**B. Rule/Statutory Violations**

There were no statutory violations at the time of issuance.

**IV. RECOMMENDATION**

I recommend issuance of an original license to this child care family home (capacity 1-6).
