Dear Ms. Lemire:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your home on 06/13/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

At the time of the onsite inspection, there were four child care children present, plus Ms. Lemire’s son, who is older than six years of age. One child had just been dropped off and Ms. Lemire was getting them settled for the day. The rest of the children were engaging dress-up with costumes, followed by free play, then snack, and outdoor play. Ms. Lemire was engaging with the children and was attentive to their needs.

As a result of the inspection, I did not find any rule or law violations.

During the exit conference, technical assistance/consultation was provided regarding the following:

- I reminded Ms. Lemire that the 2022 Health and Safety refresher is available and must be completed prior to 11/01/2023.
- I talked with Ms. Lemire about creating specific emergency procedures for children with special needs or chronic medical conditions in the future, with examples.

During calendar year 2022:	Total
Number of serious injuries that occurred in facility.	0
Number of deaths that occurred in the facility.	0

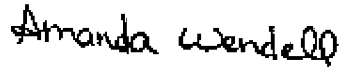

Number of substantiated cases of abuse and/or neglect of a child that occurred at the facility.	0
