Dear Ms. Battee:

This letter is a follow-up to the Department’s findings regarding the interim inspection conducted at your home on 01/06/2021. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

During the on-site inspection there were three child care children present along with the licensee and her three children. One child care child was participating in school distance learning. The other two child care children were in the living room having screen time. Ms. Battee was appropriately supervising and interacting with the child care children.

There were no rule violations.

As a result of the inspection, I did not find any rule or law violations.
