Dear Ms Fisher:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 07/27/2022. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

The violations that were found are:

**R 400.1925                      Comprehensive background check; fingerprinting.**

- (2) An applicant or licensee shall do all of the following:  
(e) Within the department's child care background check system, accurately complete and maintain the connection, disconnection, or withdrawn status of each individual associated with the license.

The child care staff members were not connected/disconnected appropriately in the child care background check system.

Technical assistance was provided regarding the following:

1. First name and last name to be included in the attendance record.

2. The Tiny Tykes climber which is over 30" and does not have protective surfacing will be discarded and not used by the child care children.
3. One crib that did not have a manufactured date will not be used by child care children.
4. Child in care statements to be dated at the time of admission.

On 7/27/22, you gave us an acceptable written corrective action plan.

You can find a copy of this inspection letter and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when inspection letters are completed can be found under [Overview of Licensing Reports](#).
