II. Purpose of Addendum

On 07/19/2022 licensee Seema Ibrahim requested the basement and a bedroom on the second floor be added as child use space.

III. Methodology

07/19/2022 Modification request received.

07/25/2022 Inspection completed on-site.

IV. Description of Findings and Conclusions

The following areas are approved for child care use:

The family room, kitchen, dining room, and living room on the main level of the home.

Bedroom 4 located on the second level. This bedroom is adjacent to the staircase and has a marked emergency exit window.

The basement playroom which has an emergency escape window located on the south side of the basement. This window is 23" wide and 40" inches high. The bottom of this window is 44" from the floor. This window opens up to a window well that is 40" in depth.

V. Recommendation

I recommend the addition of the basement and bedroom 4 on the second level for child care use.
