Dear Ms. Kloosterman:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 08/09/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

During the inspection there were six children in care. I observed napping and free play. There was an appropriate amount of materials and equipment for the children to access. Ms. Kloosterman was providing appropriate care and supervision. The home and child records were organized, complete, and made readily available.

I provided technical assistance and consultation on the following rules:

- R 400.1932 (2) Home maintenance and safety; ensuring any hazardous materials (personal care items and cleaning supplies) are inaccessible to children (locks catching and repaired).
- R 400.1942 (1) Electrical service; maintenance; ensuring electrical outlets are covered with a safety cover.
- R 400.1945 (2)(h) Emergency; plan; drill; ensuring there is a plan that documents how children with special needs will be accommodated in all types of emergencies.

As a result of the inspection, I did not find any rule or law violations.

You can find a copy of this inspection letter and any associated corrective action plans on our website under Statewide Search for Licensed Child Care Centers and Homes. A description of when inspection letters are completed can be found under Overview of Licensing Reports.

Please contact me with any questions. In the event that I am not available, and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.
