Dear Julie Perez,

This letter is to advise you that the 5/8/2024 corrective action plan you submitted, regarding each rule violation cited in the recently completed Child Care Follow-up Inspection Case, is approved.

You can find a copy of this corrective action approval letter and the associated report on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of each type of report and corrective action plans can be found under [Overview of Licensing Reports](#).

Violation cited	Noncompliance observed	Plan to correct	Date to be completed
R 400.1933(4)	The water in both bathrooms accessible to children was 129 degrees Fahrenheit. Licensee stated the hot water heater was turned down to its lowest setting and will install anti-scald devices on these two sinks.	I turned down the water heater and will check water temperature daily to ensure that it is below 120 degrees Fahrenheit.	5/8/2024

It is expected that the corrective action plan will be implemented within the time frames as outlined in your plan.

A follow-up evaluation may be made to verify compliance. Should the corrections not be implemented in the specified time, it may be necessary to reevaluate the status of your license.
