Dear Ms. Mcintosh:

This letter is a follow-up to the Department's findings regarding the interim inspection conducted at your home on 02/09/2023. The purpose of this inspection was to determine compliance with applicable licensing statutes and administrative rules for Family and Group Child Care Homes.

During the on-site inspection the programming I observed included the following: free play, clean up, hand washing and lunch. I observed the caregivers' interactions with the children in care to be developmentally appropriate and responsive to their needs.

The violations that were found are:

R 400.1932 Home maintenance and safety.

(2) All dangerous and hazardous materials or items must be stored securely and out of the reach of children.

The child lock on the cupboard under the sink in the bathroom was broken, making various cleaning supplies accessible to children.

During the exit conference, I provided technical assistance and consultation on the following: keeping two exits clear at all times and diapering pad must be washed, rinsed and sanitized.

On 2/9/2023, you gave us an acceptable written corrective action plan.

You can find a copy of this inspection letter and any associated corrective action plans on our [website](#) under [Statewide Search for Licensed Child Care Centers and Homes](#). A description of when inspection letters are completed can be found under [Overview of Licensing Reports](#).

Please contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please contact the local office at (517) 284-9730.

Per MCL 722.113g, this report and any related corrective action plans must be filed in your Licensing Notebook.

Sincerely,

A black rectangular box containing a handwritten signature in cursive script that reads "Cheree Riley".
